

# AnimatedSwitcher

snippet.dart

```
AnimatedSwitcher(  
  duration: Duration(milliseconds: 300),  
  transitionBuilder: (Widget child, Animation<double> animation) {  
    return SlideTransition(  
      child: FadeTransition(  
        opacity: animation,  
        child: child,  
      ),  
      position: Tween<Offset>(  
        begin: Offset(0.0, -0.05), end: Offset(0.0, 0.0))  
        .animate(animation),  
    );  
  },  
  child: recordWidget,  
)
```
