

L.icon

snippet.javascript

```
var oldCameraIcon = L.icon({
  iconUrl: '/img/camera-0.png',
  iconSize: [30, 30], // size of the icon
  iconAnchor: [15, 15], // point of the icon which will correspond
to marker's location
  popupAnchor: [0, -10] // point from which the popup should open
relative to the iconAnchor
});

var newCameraIcon = L.icon({
  iconUrl: '/img/camera-1.png',
  iconSize: [30, 30], // size of the icon
  iconAnchor: [15, 15], // point of the icon which will correspond
to marker's location
  popupAnchor: [0, -10] // point from which the popup should open
relative to the iconAnchor
});
```

가

snippet.javascript

```
var baseIcon = L.icon({
  iconSize: [30, 30], // size of the icon
  iconAnchor: [15, 15], // point of the icon which will correspond
to marker's location
  popupAnchor: [0, -10] // point from which the popup should
open relative to the iconAnchor
});

var oldCameraIcon = baseIcon.options.iconUrl = '/img/camera-0.png';
```
