

TitleType

```
enum TitleType {  
    id('id'),  
    order('order'),  
    developer('order'),  
    platform('platform'),  
    service('service'),  
    name('name');  
  
    const TitleType(this.code);  
    final String code;  
}
```
